Sec. 16-55. - Smoking restrictions; exceptions; retaliation; application.

- (a) In order to protect the public health and welfare and to recognize the need for individuals to breathe smoke-free air, smoking is prohibited in all enclosed areas of:
 - (1) Public places; and
 - (2) Places of employment.
- (b) Smoking is prohibited within twenty (20) feet [6.10 meters] of entrances, exits, operable windows, air intakes, and ventilation systems of enclosed areas in which smoking is prohibited. Owners, operators, managers, employers, or other persons who own or control a public place or place of employment may seek to rebut the presumption that twenty (20) feet [6.10 meters] is a reasonable minimum distance by making application to the director of the local health department or district in which the public place or place of employment is located. The presumption will be rebutted if the applicant can show by clear and convincing evidence that, given the unique circumstances presented by the location of entrances, exits, windows that open, ventilation intakes, or other factors, smoke will not infiltrate or reach the entrances, exits, open windows, or ventilation intakes or enter into such public place or place of employment and, therefore, the public health and safety will be adequately protected by a lesser distance.

- (c) Smoking is prohibited within fifty (50) feet [15.24 meters] of entrances, exits, operable windows, air intakes, and ventilation systems of enclosed areas at the Minot International Airport Terminal.
- (d) The following areas are exempt from subsections (a) and (b):
 - (1) Private residences, except those residences used as a child care, adult day care, or health care facility subject to licensure by the department of human services.
 - (2) Outdoor areas of places of employment, except those listed in subsection (b).
 - (3) Any area that is not commonly accessible to the public and which is part of an owner-operated business having no employee other than the owner-operator.
- (e) Smoking as part of a traditional American Indian spiritual or cultural ceremony is not prohibited.
- (f) No person or employer shall discharge, refuse to hire, or in any manner retaliate against an employee, applicant for employment, or other person because that person asserts or exercises any rights afforded by this section or reports or attempts to prosecute a violation of this section. An employee who works in a setting where an employer allows smoking does not waive or surrender any legal rights the employee may have against the employer or any other party. Violations of this subsection shall be punishable in accordance with section 1-8 of the Minot Code of Ordinances.
- (g) This section may not be interpreted or construed to permit smoking where it is otherwise restricted by other applicable laws.
- (h) Notwithstanding any other provision of this article, an owner, operator, manager or other person in control of an establishment, facility, or outdoor area may declare that entire establishment, facility, or outdoor area as a nonsmoking place.

(Ord. No. 5017, § 1)

Sec. 16-56. - Responsibility of proprietors.

The owner, manager, or other person in control of a public place or place of employment where smoking is prohibited by this article shall:

- (1) Clearly and conspicuously post no smoking signs or the international no smoking symbol in that place.
- (2) Clearly and conspicuously post at every entrance to that place a sign stating that smoking is prohibited.
- (3) Remove all ashtrays from any area where smoking is prohibited, except for ashtrays displayed for sale and not for use on the premises and ashtrays that are factory-installed in vehicles.
- (4) Communicate to all existing employees and to all prospective employees upon their application for employment that smoking is prohibited in that place.
- (5) For places under his or her control, direct a person who is smoking in violation of this article to extinguish the product being smoked. If the person does not stop smoking, the owner, operator, manager, or employee shall refuse service and shall immediately ask the person to leave the premises. If the person in violation refuses to leave the premises, the owner, operator, manager, or employee shall immediately report the violation to a law enforcement agency identified in this article. The refusal of a person to stop smoking or leave the premises in response to requests made under this section by an owner, operator, manager, or employee shall not constitute a violation of this article by the owner, operator, manager or employee.

(Ord. No. 5017, § 1)

Sec. 16-57. - Penalty.

- (a) An individual who smokes in an area in which smoking is prohibited under section 16-55 is guilty of an infraction punishable by a fine not exceeding fifty dollars (\$50.00).
- (b) Except as otherwise provided in subsection (f) of section 16-55, an owner or other person with general supervisory responsibility over a public place or place of employment who willfully fails to comply with section 16-55 is guilty of an infraction, subject to a fine not to exceed one hundred dollars (\$100.00) for the first violation, to a fine not to exceed two hundred dollars (\$200.00) for a second violation within one (1) year, and a fine not to exceed five hundred dollars (\$500.00) for each additional violation within one (1) year of the preceding violation.
- (c) In addition to the fines established by this section, violation of this article by a person who owns, manages, operates, or otherwise controls a public place or place of employment may result in the suspension or revocation of any permit or license issued to the person for the premises on which the violation occurred.
- (d) Violations of this article are declared to be a public nuisance that may be abated by restraining order, preliminary or permanent injunction, or other means provided by law.
- (e) Each day on which a violation of this article occurs shall be considered a separate and distinct violation.
